

# Project LockedMe.Com

---

## **Project Objective & Background:**

Company Lockers Pvt. Ltd. hired you as a Full Stack Developer. They aim to digitize their products and chose LockedMe.com as their first project to start with. You're asked to develop a prototype of the application. The prototype of the application will be then presented to the relevant stakeholders for the budget approval.

## **Developer Details:**

**Name:** Snehal Pardeshi   **Simplilearn UserId:** Snehalvp2000@gmail.com

## **Github link:**

**[https://github.com/SnehalPardeshi/Phase-1-Project-](https://github.com/SnehalPardeshi/Phase-1-Project-LockedMe.com)**

**LockedMe.com**

## **Product Features:**

- Code to display the welcome screen. It should display:
- Application name and the developer details
- The details of the user interface such as options displaying the user interaction information
- Features to accept the user input to select one of the options listed
- The first option should return the current file names in ascending order. The root directory can be either empty or contain few files or folders in it
- The second option should return the details of the user interface such as options displaying the following:
- Add a file to the existing directory list
- You can ignore the case sensitivity of the file names
- Delete a user specified file from the existing directory list

- You can add the case sensitivity on the file name in order to ensure that the right file is deleted from the directory list
- Return a message if FNF (File not found)
- Search a user specified file from the main directory
- You can add the case sensitivity on the file name to retrieve the correct file
- Display the result upon successful operation
- Display the result upon unsuccessful operation
- Option to navigate back to the main context
- There should be a third option to close the application

## **Sprint Planning and Task Achieved:**

Number of sprint planned = 2

### **Sprint 1:**

1. Planned to develop the Welcome Screen and Main Menu Option.
2. Planned to develop the features regarding user. Successfully developed and tested the user requirements.

### **Sprint 2:**

1. Planned to develop the Sub Main Menu Option.
2. Planned to develop the features regarding user. Successfully developed and tested the user requirements.
